Transform your everyday mobile device into a complete payment solution!

Small Business Lifesaver

EMSmobile is an uncomplicated yet powerful Point-of-Sale solution for any merchant conducting business within a mobile environment. Empower your phone or tablet to accept payments.

- EMV, Swipe or Keyed Transactions
- Itemized Order Entry
- Manage Cash Payments
- Inventory Tracking & Management
- Manage Multiple Merchant Accounts

Mobile devices and iPad stand not included.

Fast and Easy Checkout

Set up purchases in seconds, take card or cash payments quickly. You can run a quick sale by entering just the dollar amount or you can enter an itemized order which will help you stay on top of your product inventory. Your customers sign and tip on your mobile device, and receive receipts through text or email.

Track Your Transactions On The Go

View all your past transactions in detail on your device including cash transactions. Here you can perform voids, refunds and re-send receipts to your customers. Signatures and receipts are stored for the lifetime of the account.

Back Office Portal

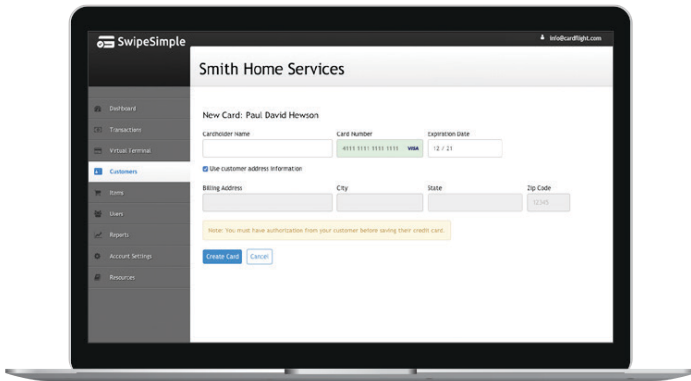

Cloud Based Inventory Tracking & Management

Add, remove, and edit item details. The cloud based inventory allows for bulk uploads across devices. Any updates you make are synced to all your other EMSmobile POS terminals and web dashboard in real-time. The back office portal also provides you with high level analytics.
